Reid,

The attached four files contain SC&A's preliminary draft responses to some of OMB's comments, including a mark-up of the BID/EIA. As discussed during our telecon, these are a preview of our responses to date, so that you can see our progress, provide feedback, and any needed "course corrections." The official responses will be sent once we make our responses to all of the OMB comments.

SC&A Response - EO 12866 Subpart W_2060_AP2_Rev1 – contains the response to Preamble comment [RJR6] (b) (5) - Deliberative process and Attorney-client

SC&A Response - Interagency Comments under EOs 13563 and 12866 on NESHAP Subpart W NPRM – contains the responses to OMB's BID/EIA Global and Specific comments

SC&A Response - Preamble cost data – (b) (5) - Deliberative process and Attorney-client

Subpart W Draft-EIA-BID - OMB Update – contains the BID/EIA mark-up incorporating the responses

We still owe you the response to the comment 5 (with 6 sub-comments) of the July 18 comments, (b) (5) - Deliberative process and Attorney-client .

Steve
